as of April 15, 2020

Trainer Provider Name & Campus	Training Program Name	Course #	CIP Code	CIP Name	Industry and Occupation	Training Program Description	Method of Instruction	Credential Earned	Total Cost: for one student	Length (weeks)	Total Hours	Training Program Website	Phone	Date Approved/On List Since	Eligibility Expires
Honolulu Community College - Pacific Center for Advanced Technology Training 874 Dillingham Blvd. Honolulu, HI 96817	Cisco Certified Networking Associate-CCNA3 v7 Networking, Security and Automation		11.01	Computer and Information Sciences, General	51-Information	Large enterprises depend heavily on the smooth operation of their network infrastructures. This is why networking professionals are vital to every organization and those with networking skills can land a great job and set their sights on a rewarding career! This third course in the 3-course CCNA series describes the architectures and considerations related to designing, securing, operating, and troubleshooting enterprise networks. It covers wide area network (WAN) technologies and quality of service (QoS) mechanisms used for secure remote access along with the introduction of software-defined networking, virtualization, and automation concepts that support the digitalization of networks.	Online	Certificate of Professional Development	795.00	11 weeks	40 hours	<a href="http://pcatt.org/networking/">http://pcatt.org/networking/</a>	Jarrett Yip (845-9101)	4/10/2020	4/10/2021
Honolulu Community College - Pacific Center for Advanced Technology Training 874 Dillingham Blvd. Honolulu, HI 96817	IT Essentials (Cisco Networking Academy)		11.01	Computer and Information Sciences, General	51-Information	Imagine building a computer then connecting it securely to a network. This exciting first step could lead to a rewarding IT career. Because a sure way to excel no matter which area of IT you choose is to learn the right computer fundamentals. IT Essentials covers this as well as shares the career skills needed for entry-level IT jobs. Plus, you'll enjoy working with Cisco's Networking Academy's advanced simulation tools and having multiple hands-on labs to really hone your troubleshooting skills and immediately practice what you learn! Also prepare for the CompTIA A+ Certification. <b>No prerequisites or computer knowledge required.</b>	Online	Certificate of Professional Development	995.00	11 weeks	40 hours	<a href="http://pcatt.org/networking/">http://pcatt.org/networking/</a>	Jarrett Yip (845-9101)	4/10/2020	4/10/2021

Honolulu Community College - Pacific Center for Advanced Technology Training 874 Dillingham Blvd. Honolulu, HI 96817	Networking Essentials (Cisco Networking Academy)		11.01	Computer and Information Sciences, General	51-Information	Networking is at the heart of the digital transformation. Although often unseen, it enables us to stay connected as we move around freely using our laptop or smartphone. This course teaches the basic networking concepts and the skills that you can put to use right away. Its underlying principles can help you set-up a SOHO (small-office/home-office) network or even put you on the path to managing a larger-scale business network. This course is often taken for those on the path to becoming a network technician, cable installer or help desk technician. Also prepare for the CompTIA Net+ Certification. <b>No prerequisites or computer knowledge required.</b>	Online	Certificate of Professional Development	995.00	11 weeks	40 hours	<a href="http://pcatt.org/networking/">http://pcatt.org/networking/</a>	Jarrett Yip (845-9101)	4/10/2020	4/10/2021
Honolulu Community College - Pacific Center for Advanced Technology Training 874 Dillingham Blvd. Honolulu, HI 96817	Programming Essentials in Python (Cisco Networking Academy)		11.01	Computer and Information Sciences, General	51-Information	How great would it be to write your own computer program? Or, design a web or desktop application that millions of people could enjoy? Both are a possibility if you learn how to code in Python and become proficient in developing applications with Python. Python is a very versatile, object-oriented programming language used by startups and tech giants, Google, Facebook, Dropbox and IBM. Python is also recommended for aspiring young developers who are interested in pursuing careers in Security, Networking and Internet-of-Things. This entry course will help you to start learning the basics of Python programming. It is the first step in learning programming. Once you complete this course, you are ready to take the PCAP D Certified Associate in Python programming. No prior knowledge of programming is required.	Online	Certificate of Professional Development	995.00	11 weeks	40 hours	<a href="http://pcatt.org/networking/">http://pcatt.org/networking/</a>	Jarrett Yip (845-9101)	4/10/2020	4/10/2021
Honolulu Community College - Pacific Center for Advanced Technology Training 874 Dillingham Blvd. Honolulu, HI 96817	CCNA Cyber Ops (Cisco Networking Academy)		11.01	Computer and Information Sciences, General	51-Information	Today's organizations are challenged with rapidly detecting cybersecurity breaches and effectively responding to security incidents. Teams of people in Security Operations Centers (SOC's) keep a vigilant eye on security systems, protecting their organizations by detecting and responding to cybersecurity threats. The Cisco Certified CyberOps certification prepares candidates to begin a career working with associate-level cybersecurity analysts within security operations centers.	Online	Certificate of Professional Development	995.00	11 weeks	40 hours	<a href="http://pcatt.org/networking/">http://pcatt.org/networking/</a>	Jarrett Yip (845-9101)	4/10/2020	4/10/2021
